- A maximum of 9 riders can be registered under a men's team and 8 riders under a women's team.
- The captain of each team must send an email to windhoekpedalpower@hotmail.com stating the name of the team, who the captain of the team is, along with the captain's cellphone number and proof of payment for the team registration (N\$2625).

If additional team registered riders wish to start the race, they will race in the individual category. When racing in the individual category, points can be accumulated in that category.
- Each women's team is allowed a maximum of 8 riders entered for the series, with a maximum of 5 allowed to start per race. If additional team registered riders wish to start the race, they will race in the individual category. When racing in the individual category, points can be accumulated in that category.

- Both, men's, and women's teams will start as separate bunches.
- Team classification is calculated by adding the times of the three best riders of each team per stage.
- Each race will have a maximum of three hotspots along the racecourse where 10, 6 and 4 bonus seconds will be earned for positions 1,2 and 3, respectively.
- The finish line will also count as a hotspot with doubling up on seconds 20, 12 and 8 for the same positions.
- These bonus seconds will then be deducted from the team's overall time.
- The team's overall time will then be allocated to a point system starting from 20,19,18,17,16..... down for position 1,2,3,4,5..... respectively for the men and 10,9,8,7,6,5 for the women.

- Additional points will be added to the general classification riders for their team. 1st place – 3 points, 2nd place – 2 points, 3rd place- 1 point.
- This point system will allow for each team to drop one race, including the team time trial, if the full series is completed. If 2 or more races are cancelled due to unforeseen circumstances all the races will count towards the final team points classification.
- In the event of a tied position for both team and individual categories, the prize money will be combined and divided equally.
- Riders are allowed to race UCI legal Time Trial bikes in the Team Time Trial event only.
- If a team does not have 3 riders finishing the race (i.e. if only 1 riders of a team that started with a minimum of 3 finish the race), the 2nd and 3rd wheel of the last team to finish on the day will be allocated to the non-finisher(s) of the first mentioned team, which will then be added to the actual finishers' times of said team to provide their 'combined 3 first riders' result. (A Team can also start a race with 1 or 2 riders).
- If a rider belonging to a team is disqualified, it will also result in a 30sec time penalty for their team.
- For the Team Time Trial event, a NON-Registered "Team" may enter for the event as an "OUT OF COMPETITION" Fun Team. This team will be allocated an out of competition time but will not form part of the team series.
